The Magic Show

Lucy sat on her playroom floor surrounded by markers and poster paint. She was creating a sign for her magic show. Lucy **discovered** her love of magic last summer. She thought doing magic tricks was tons of fun, although her big brother, Tyler, **disgusted**. Nevertheless, that did not **discourage** Lucy from performing her amazing tricks. Lucy was **planning** to perform her magic show after the evening for her family. She cleaned up the **mess** in her playroom and **discarded** the dirty socks she left in there yesterday! At 7:00 o'clock, Lucy's family was gathered in the playroom theater. For her first trick, Lucy **discolored** an orange scarf. I turned white before her very eyes! Next, she **disconnected** and **dissambled** two magic melon rinds. Her parents were in **disbelief**! For Lucy's grand finale, she prepared to make her brother **disappear**. Lucy asked Tyler to lay down in her magic treasure chest. He was very **distrusting** and **disinterested**, but he did not want to be **disrespectful** in order to help his sister. Tyler squashed himself into the magic treasure chest. Just as Lucy was beginning her magic spell, Tyler realized that he was stuck in the treasure chest! He was in great **discomfort** and he tried to **disodge** himself from the treasure chest. Of course, he was at a **disadvantage** because he was such a big boy and was shoved into such a small space! After a few minutes, Lucy was able to free her big brother from the magic treasure chest. Although her magic trick was **dysfunctional** and had to be **discontinued**, Lucy was glad that she was able to get Tyler out safely. He would definitely be **disqualified** the next time Lucy tried this magic trick!

Prefix: **non** = no / not / without

non-smoking (adjective)
= A place where people are NOT allowed to smoke

The train is **non-smoking**.

nonsense = without sense / no sense

"I don't agree. You are talking **nonsense**!"

Other examples: nonfiction, non-payment
